

DANIEL BILL PASSES SENATE

It Authorizes Trustees to Receive From the President the Nobel Peace Prize.

HEAVY FINE FOR SHANGHAIING

Despite Much Clamor the Mississippi River Appropriation Is Cut Down.

WASHINGTON, February 27.—After listening to an argument by Senator Peterson, of Colorado, in favor of government ownership of railroads, the Senate today agreed to the conference report on the river and harbor appropriation bill.

Protests were vigorously made against the reduction from \$550,000 to \$250,000 of the amount for improvements in the Mississippi river between Cairo and St. Louis by Senators Hopkins, Cullo, Stone, Alben and Overman. The smaller amount prevailed.

The Senate passed without discussion the Daniel bill establishing "the foundation for the promotion of industrial peace." It authorizes the board of trustees to receive from President Roosevelt the Nobel peace prize as the nucleus of a fund to bring together at Washington periodically representatives of capital and labor to discuss labor problems.

The expatriation bill also was passed. It authorizes the issuance of passports to persons who have declared their intention of becoming citizens of the United States and have lived in this country three years, and who wish to visit countries other than the one of which they are natives. Such passports are good only for six months.

The bill fixes the status of American women who marry foreigners, and foreign women who marry Americans. In the latter case the citizenship of the wife is retained during coverture, and as long as she continues to live in the United States. The bill provides that a naturalized citizen of the United States, who goes abroad and resides for five years, shall be presumed to have abandoned his American citizenship.

The Senate passed a house bill to prevent shanghaiing. The bill imposes a fine of \$1,000, or imprisonment for a year, or both, for the violation of the law.

TO PROSECUTE TOBACCO TRUST

It Was Decided at White House Conference to Continue the Investigation.

WASHINGTON, D. C., February 27.—A decision was reached at a conference at the White House to-day that the prosecution of the tobacco trust some time ago should be continued. Announcement to this effect was made at the conclusion of the conference, which was participated in by Attorney-General Bonaparte, Henry A. Taft, of New York, a brother of the Secretary of War, who until recently was in charge of the prosecution of these cases, and Henry L. Stimson, United States attorney for the Southern District of New York.

Messrs. Taft and Stimson left for New York immediately after the conference. Mr. Taft's place in the conduct of the prosecution has been taken by Mr. McInerney.

ATTORNEY-GENERAL TO GIVE OPINION

Will Say Whether or Not South Carolina Has Violated Immigration Law.

WASHINGTON, February 27.—The failure of Secretary Straus, of the Department of Commerce, to make direct response to the recent inquiry of the House as to whether the alien laborers who had been taken into South Carolina as the result of the efforts of Commissioner Watson, of the State, were lawfully landed, will probably result in an official opinion by the Attorney-General on the subject.

When the Secretary's reply was received it was found that he had simply forwarded a copy of a decision by his predecessor, holding that Mr. Watson had not violated the contract labor law, but Representative Gardner, author of the resolution of inquiry, took prompt exception to this response, contending that it was not complete in that it failed to treat the question as connected with the immigrants themselves.

The Commission on Immigration then presented a request to the President that the matter be referred to the Attorney-General. This request has been granted, and it is understood that Mr. Taft will be promptly taken up by the Department of Justice. It is said that extensive preparations for the importation of laborers into several States have been made as a result of the ruling of the Department of Commerce in the South Carolina case, and it is asserted that many of these imported laborers, while ostensibly imported to work on Southern farms, are in reality destined for the North.

HOUSE CONCURS IN ARMY BILL

Brigadier-Generals Who Served in Civil War to Be Retired as Major-Generals.

WASHINGTON, February 27.—Conference reports were agreed to by the House to-day on the rivers and harbors appropriation bill and the criminal appeals bill. The House concurred in the Senate amendment in the army bill providing for the retirement of certain brigadier-generals who served in the Civil War, with the rank of major-general.

The President returned to the House without his approval a bill for the relief of J. W. Bauer and others, and it is understood that Mr. Fish will be promptly taken up by the Department of Justice. It is said that extensive preparations for the importation of laborers into several States have been made as a result of the ruling of the Department of Commerce in the South Carolina case, and it is asserted that many of these imported laborers, while ostensibly imported to work on Southern farms, are in reality destined for the North.

The House adopted the conference report on the naval appropriation bill, with the single exception of the amendment relating to the naval training station at Port Royal, S. C. Mr. Patterson, of South Carolina, moved to concur in the Senate amendment, but the motion was defeated, and the House further insisted on its disagreement to the amendment.

The ship subsidy bill was debated throughout the day, and at the night session, a still further extension of one hour having been agreed to, the bill was taken up at 11 o'clock.

GENTRY ARRESTED ON GRAVE CHARGE

Warrant Sworn Out Charging Him With Felonious Assault on Young Girl.

U. M. BLAND ALSO IN CUSTODY

Fifteen-Year-Old Girl From Buckingham Alleged Victim.

W. T. Gentry, a former policeman of Richmond, is in jail and will have to answer the charge of a felonious assault upon Josie Robinson, a fifteen-year-old girl, who came from Buckingham county Tuesday to visit her sister here.

U. M. Bland, head of the Bland Detective Agency in the city, is also arrested in connection with the case, and is charged with being disorderly on the street, and with carrying concealed a weapon. He, too, is in jail.

The warrant charging Gentry with the crime that, if proven, may send him to the penitentiary or to the gallows, was issued in Police Court yesterday morning by Justice Crutchfield. It was after a partial hearing of the charge against Bland that Justice Crutchfield took this action. The arrest followed immediately.

The case was continued until the 6th of March, and Gentry and Bland were committed to jail. They could not furnish security sufficient for their release.

Bland may be released within a day or so, but Gentry will likely remain in his cell until he is either proved innocent or convicted of the serious charge against him.

Josie Robinson, a young girl, came to Richmond from Buckingham county on Tuesday. She wanted to visit her sister on Federal Street. When she alighted from the train she is alleged to have been met by either Bland or Gentry, who offered to take her to her sister's home. It is charged that instead of being carried to her sister's home, the girl was subjected to improper treatment.

Justice Crutchfield, in continuing the case, indicated his purpose to have a thorough investigation, supported by force, but four or five years ago retired, and for several years has represented himself as a private detective. About two years ago while posing as a detective he accosted a young man from Petersburg one night in front of the post-office and attempted to arrest or question him. The young man used his fists in such lively fashion that when the conductor of a passenger car pulled him off Gentry had a bloody face. The assailant was arrested and acquitted, his action being justified, and Gentry was reprimanded. Since then he has been playing the role of detective.
